

TRANSFORM™ Pearl

FEATURES & BENEFITS:

CORE TECHNOLOGY: The Morph-Wing Core returns as a dynamic asymmetric masterpiece designed to evolve. This core transforms unlike any other asymmetric shape on the market; its unique "wing" geometry allows for massive displacement during the drilling process. By strategically removing mass from the wing, the core numbers shift dramatically, allowing for a completely customized flare pattern and motion based on the specific transformation of the core shape.

COVER TECHNOLOGY: MicroTrax™ Pearl Reactive... Evolution meets friction. The TRANSFORM Pearl features our high-performance MicroTrax Pearl Reactive coverstock, which is 100% nano-loaded. Unlike traditional pearls that can sometimes "squirt" through heavy oil, the nano-particle additives create a significantly stronger footprint and enhanced traction through the mid-lane. This ensures the ball maintains its path in oil while still delivering the aggressive, crisp response to friction that bowlers demand down-lane.

PERFORMANCE SYNOPSIS: Building on the versatility of its predecessor, the TRANSFORM Pearl offers a lethal combination of mid-lane stability and backend recovery. While the core provides unmatched tunability for any arsenal, the 100% nano-loaded cover ensures you don't have to sacrifice "teeth" for "turn." It is the ultimate solution for bowlers needing a ball that digs through the slick but snaps hard when it sees the dry.

PRODUCT DETAILS:

COVERSTOCK: MicroTrax™ Pearl Reactive

CORE: Morph-Wing™ Core

COLOR: Red / Cherry / Shadow

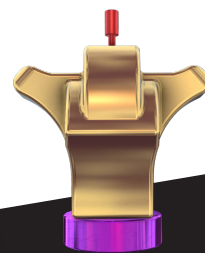

FINISH: Power Edge™

CONDITION: Medium to Medium/Heavy

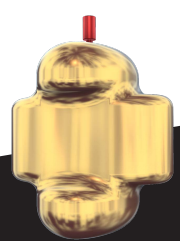

FLARE POTENTIAL: High

AVAILABLE WEIGHTS: 16 – 12 lbs.

PRODUCT SKU: RLT

16-14 lbs.

13-12 lbs.

WEIGHT	RG	DIFF	PSA
16 lbs.	2.50	.050	.015
15 lbs.	2.51	.051	.015
14 lbs.	2.53	.053	.013
13 lbs.	2.57	.032	.010
12 lbs.	2.59	.029	.008
