

WICKED GREMLIN™

FEATURES & BENEFITS:

CORE TECHNOLOGY: At the heart of it all is the same Rondure™ MaxD Core that propelled the original GREMLIN™ into superstar status thanks to its "maxed out" densities.

COVER TECHNOLOGY: The G-R1™ Solid Reactive (GRIP-Response) coverstock delivers a high-friction, "grippy" footprint without the over-aggressive bite of its predecessor. Engineered as a refined, nano-free alternative to V-R1, this material provides a predictable mid-lane read and a smoother transition through the backend. It is the ideal choice for bowlers seeking heavy-oil traction with a more controlled, continuous motion.

PERFORMANCE SYNOPSIS: This superb blend of core and cover delivers more traction in the midlane while still providing a responsive, down-lane reaction that sets it apart from other nano-free solids. It will handle those Medium/Heavy conditions wickedly. It's the perfect ball for fresh house shots and transitioning tournament conditions, and a great alternative when your aggressive asymmetrics start hooking too soon.

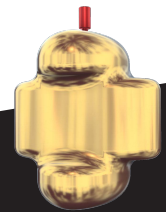

PRODUCT DETAILS:

- COVERSTOCK:** G-R1™ Solid Reactive
- WEIGHT BLOCK:** Rondure™ MaxD Core
- FACTORY FINISH:** 2000-grit Abralon®
- COLOR:** Citrine/Red/Purple
- FLARE POTENTIAL:** High
- CONDITION:** Medium/Heavy Oil
- AVAILABLE WEIGHTS:** 12-16 lbs.
- PRODUCT SKU:** RWG

16-14 lbs.

13-12 lbs.
