

# THE IQ TOUR PEARL

# GOOD AS GOLD

**STORM**

The IQ™ Tour Pearl is the perfect combination of mid-lane control and backend hook.

The C3™ Centripetal Control Core is engineered to yield ample mid-lane roll while smoothing out the transition. Add a highly polished, pearl, R2S™ coverstock, and the result is a combination that makes this a **MUST HAVE** ball in everyone's arsenal.

You'll be able to see the difference as this ball reads the mid-lane without over-responding to the friction at the end of the oil pattern. Then the real magic happens; it reads the backends with unparalleled consistency through the pocket.

Pick up a new IQ Tour Pearl and see what makes Storm the best in bowling!
