14 lb	2.53	.039
13 lb	2.58	.047
12 lb	2.64	.037
11 lb	2.73	.012
10 lb	2.77	.015

DESIGN INTENT:

The Typhoon marked a successful revival of the iconic Storm Hot line. While it excelled on drier conditions, it quickly became clear it needed a stronger partner to tackle heavier oil. Enter the Monsoon - built to handle more volume with confidence. Featuring a Reactor Solid coverstock finished at 2000-grit Abralon, the Monsoon creates a wider footprint on the lane, delivering more traction on medium oil conditions. Inside, the Atmos A.I. Core strikes the ideal balance of length and torque at the breakpoint, while our A.I. outer core technology unlocks a unique RG/Diff combination rarely seen in a core of this shape. Add in up to a 5% higher strike percentage on off-pocket hits, and you've got the perfect companion piece for conquering a wide range of medium oil patterns.
